Applicant: Mr Graham Willmott-Hills

Officer: Liz Arnold 291709

1) UNI

The proposed extension, by virtue of its siting, height, scale and design would result in a visually intrusive and bulky addition to the existing property and would be of detriment to the character and appearance of the existing property, parts of the Woodbourne Avenue street scene and the wider area. Applicant: Matsim Properties Ltd

Officer: Jonathan Puplett 292525

1) UNI

Insufficient information has been submitted to demonstrate that the proposed development is necessary to ensure that the travel demands of the site are addressed. Furthermore, it has not been demonstrated that the proposal is part of an overall strategy to ensure that the use of public transport walking and cycling would be maximised. The proposed development is therefore contrary to policy TR1 of the Brighton & Hove Local Plan.

2) UNI

No information has been submitted regarding the raised bank to the rear of the existing parking area which consists of 'scrubland' and trees (which forms part of a 'greenway' as defined by the Local Plan Proposals Map); a large section of this area would be replaced by hard landscaping under the proposed scheme. Therefore, insufficient information has been submitted to demonstrate that damaging impact to the greenway, nature conservation features and habitats would not be caused. The proposed development is therefore contrary to policies QD15, QD16, QD17, QD18, and QD19 of the Brighton & Hove Local Plan.

3) UNI

The proposed car parking layout would provide limited headroom/clearance and manoeuvrability at the lower level, and limited manoeuvrability at the upper level.

Were spaces 7-9 at the upper level to be occupied for example, safe access onto and off the level would not be possible. The proposed parking layout is therefore contrary to Policy TR7 of the Brighton & Hove Local Plan.

detriment of the vitality and viability of the Regional Shopping Centre, contrary to Brighton & Hove Local Plan policy SR4.

2) UNI2

The proposed rear addition and alterations, by reason of its plot coverage, orientation, materials and design, would result in the loss of the original plan form and would no longer be read as a rear wing to the frontage properties on Trafalgar Street (nos. 34/35). As such the proposal would be of detriment to the character and appearance of the area including the surrounding North Laine Conservation Area, contrary to policies QD1, QD2, QD4, QD14 and HE6 of the Brighton & Hove Local Plan.

3) UNI3

Applicant: Mr Matthew Seradi

Officer: Adrian Smith 01273 290478

Refused on 08/02/10 DELEGATED

1) UNI

Policies QD1, QD2 & QD14 of the Brighton & Hove Local Plan require that all extensions and alterations are well designed, sited and detailed in relation to the property to be extended, adjoining properties and the surrounding area. The proposed development, by virtue of the poorly proportioned roofline and the lack of continuity to the fenestration and cladding, represents a poorly designed series of additions to the recipient property that would be harmful to both the appearance of the building and the surrounding street scene, contrary to the above policies.

2) UNI2

Policies QD14 and QD27 of the Brighton & Hove Local Plan state that extensions and alterations will only be granted if the proposed development would not result in significant loss of amenity to neighbouring properties. The proposed development, by virtue of its increased roofline to the north side and the introduction of an additional window in the same elevation, will further oppress the outlook to the residents of Nos 1 & 2 Woodside Avenue and will result in an increased degree of overlooking potential. The proposal therefore leads to a loss of amenity and is contrary to policies QD14 and QD27 of the Brighton & Hove

Erection of new 3no storey two bedroom dwelling incorporating solar panels.

Applicant: Mr Michael Letton

Officer: Clare Simpson 292454

Refused on 11/02/10 DELEGATED

1) UNI

The principle of this development, encroaching further along the south side of Highbank is unacceptable and considered an overdevelopment of the site. The development would result in a further reduction in plot size, and an insufficient separation distance between the new property and those in Bankside. The separation distances means the resulting building would be imposing, un-neighbourly and would cause overlooking detrimental to the residential amenity of occupiers of properties in Bankside. The proposal is therefore contrary to policies QD1, QD2, QD3, and QD27.

2) UNI2

The design and detailing of the proposed house, including the scale of property and design of the roof, the positioning of the building immediately to the back of the highway, the proposed materials, and lack of design features on the front elevation, would result in a development which would appear at odds with the surrounding area. The house would appear incongruous in relation to neighbouring properties, harmful to the overall character of the area and the Highbank and Bankside Street scenes. The proposal is therefore contrary to policies QD1, QD2, QD3 of the Brighton & Hove Local Plan.

1) UNI

The proposed dwelling by virtue of its footprint, height, massing, design and detailing would represent an overdevelopment of the site, and would be of an incongruous prominent appearance out of keeping with the character of the surrounding area. The proposal is therefore contrary to Policies QD1, QD2 and QD3 of the Brighton & Hove Local Plan.

As such the proposal would be detrimental to the residential amenity of surrounding residents and is therefore contrary to Policy QD27 of the Brighton & Hove Local Plan.

Policy EM3 of the Brighton & Hove local plan states that land in industrial use will not be released for other uses unless the site has been assessed and found to be genuinely redundant and unsuitable for modern employment needs. Insufficient information has been supplied with the application to demonstrate that the two proposed B1 offices will be genuinely redundant upon completion. The proposal is therefore contrary to the above policy.

2) UNI2

Policy EM3 of the Brighton & Hove local plan states that in instances whereby industrial land has been assessed and deemed genuinely redundant, preference will be given to alternative industrial or business uses, live-work units or affordable housing. The proposal seeks to convert the office space into market housing without adequate demonstrable evidence that other employment uses, live-work units, or affordable housing cannot be accommodated on the site. The proposal is therefore contrary to the above policy.

3) UNI3

Policy QD27 of the Brighton & Hove Local Plan states that development will only be granted if it would not result in a significant loss of amenity to neighbouring properties, by way of overlooking, loss of light, or noise nuisance. 409 Mile Oak Road Portslade Brighton

Installation of balustrade to form roof terrace above existing rear extension. (Retrospective)

Applicant: Mr Chris Bartlett

Officer: Adrian Smith 01273 290478

Refused on 10/02/10 DELEGATED

1) UNI

Policies QD14 and QD27 of the Brighton & Hove Local Plan state that extensions and alterations will only be granted if the proposed development would not result in significant loss of amenity to neighbouring properties. The roof terrace, by virtue of its projection, elevated position, and proximity to neighbouring boundaries, forms a visually inappropriate and prominent addition to the property that has resulted in a substantial increase in direct and perceived overlooking and subsequent loss of privacy to surrounding properties to the detriment of their residential amenity. The proposal is thereby contrary to policies QD14 and QD27 of the Brighton & Hove Local Plan.

BH2010/00074

36 Graham Crescent Portslade Brighton

Applicant: Mr Phil Maidment

Officer: Charlotte Hughes 292321

Refused on 15/02/10 DELEGATED

1) UNI

The proposed hip-to-gable roof extension is not permitted under Schedule 2, Part 1, Class B of the Town & Country Planning (General Permitted Development) Order 1995, as amended, as it would extend the plane of an existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway.

SOUTH PORTSLADE

BH2009/01746

Land at Rear of 43 - 45 Norway Street

Construction of a new three-storey building comprising 4no self-contained flats, with roof-lights and rear dormers. Provision of bin and cycle stores.

Applicant: Mr E Bibizadeh

Officer: Guy Everest 293334

Refused on 10/02/10 PLANNING COMMITTEE

1) UNI

The introduction of four residential units into a site of restricted size is an overdevelopment by reason of its bulk, size and intensity of use. The proposal is thereby contrary to the provisions of policies QD1, QD2 and QD3 of the Brighton & Hove Local Plan.

2) UNI2

The introduction of external balconies at first floor level extending across the entire width of the building would result in an increased level of actual and perceived overlooking to neighbouring gardens to the south and would thereby be materially detrimental to the amenities of the occupants of these properties contrary to the provisions of policies QD3 and QD27 of the Brighton & Hove Local Plan.

BH2009/02949

80 Trafalgar Road Portslade

Change of use from betting office (A2) to hot food takeaway (A5) incorporating new shop front and external extraction flue to side elevation.

Applicant: Ms N Sahin

Officer: Christopher Wright 292097

Refused on 12/02/10 DELEGATED

1) UNI

The application does not make clear the materials from which the proposed new shopfront would be manufactured. In addition, the style, including the glazing configuration and absence of traditional shopfront features, is incongruous with the character of the host building and discordant with adjoining shopfronts. As such the development would be harmful to visual amenity and contrary to the requirements of policies QD10 of the Brighton & Hove Local Plan and Supplementary Planning Document SPD02: Shop Front Design.

2) UNI2

By reason of the material, siting and proportions, including the height and width, the installation of the extraction flue proposed would be detrimental to the appearance of the host building and would stand out as an incongruous and inappropriate feature in the street scene, giving rise to visual harm and contrary to the aims of policies QD1, QD2 and QD14 of the Brighton & Hove Local Plan.
