### **4. COMMENTARY ON LICENSING POLICY:**

4.1 The following extracts from Brighton & Hove City Council Statement of Licensing Policy are considered relevant to this application and numbered as they appear in the policy:

## **General**

1.2 The licensing objectives are:-

- (a) Prevention of crime and disorder;
- (b) Public safety;
- (c) Prevention of public nuisance;
- (d) Protection of children from harm.

1.3 Licensing is about regulating licensable activities on licensed premises, by qualifying clubs and at temporary events. Any conditions attached to various authorisations will be focused on matters which are within the control of individual licensees and others with relevant authorisations, i.e. the premises and its vicinity.

1.5 Each application will be given individual consideration on its merit. Nothing in this policy shall undermine the right of any individual to apply under the terms of the Act for a variety of permissions and to have any such application considered on its individual merits. Similarly, nothing in this policy shall override the right of any person to make representations on an application or seek a review of a licence or certificate where provision has been made for them to do so in the Act

1.10.4 The licensing authority's preferred position is to ensure planning permission is in place before an application for a licence is made.

### **2.7 The Licensing Authority will support:**

2.7.1 Diversity of premises: ensures that there is a mix of the different types of licensed premises and attracts a more diverse range of customers from different age groups, different communities and with different attitudes to alcohol consumption. It gives potential for positively changing the ambience of the city or an area of it. This will have a positive effect in reducing people's fear of crime and in increasing the number of evening visitors to the city centre. The Community Safety Strategy recognises that too many single uses in a confined area and patrons turning out onto the streets at the same time may create opportunities for violent crime and public disorder and therefore supports: mixed use venues encouraging a wider age balance.

#### **2.7.3 Café Bars**

The licensing authority may be prepared to look favourably upon an application for the grant of a licence, subject to the following conditions that will prevent the premises becoming a public house.

- The sale of intoxicating liquor and other beverages shall be waiter /waitress service for consumption by persons seated at tables.
- Substantial food shall be available at all times.  
Licensees should be aware that breach of such conditions is likely to lead to appropriate enforcement action.

#### 2.7.4 Restaurants with outside service

The licensing authority will also consider applications from restaurants that request to serve alcohol to areas adjacent to or immediately outside their premises. In addition to the above conditions for café bars, the licensing authority will require evidence that the applicants have an agreement with the local authority to use the area as defined on a plan provided. The following condition may also apply: -

The sale and supply of alcohol for consumption off the premises shall be restricted to an area licensed by the Local Authority for use of the public highway as shown on the plan deposited and such area shall be defined by a physical barrier acceptable to the licensing authority.

#### 2.7.6 Care, control and supervision of premises:

The Licensing authority supports the Business Crime Reduction Partnership and other approved schemes. Where appropriate, premises licence holders should be members of the BCRP for the deterrence to violent crime that such membership provides. The BCRP NightSafe radio scheme is normally expected as an operational requirement for city centre bars, clubs and pubs and is an example of good practice in achieving the aim of reducing crime and disorder and improving public safety. Well managed pub-watch schemes provide information exchange between the premises licence holders and responsible authorities that reduce and deter violent crime and disorder. The council will support a responsible licensing scheme.

#### 2.7.7 The effective management and supervision of a venue is a key factor in reducing crime and disorder, both within it and outside. The police will consider the applicants, objecting to the application where appropriate. The police may suggest crime prevention measures in relation to, for example, the internal layout of the premises, closed-circuit television, help points, lighting and security staff. The police may ask for conditions which support such measures to be imposed when licensing applications are granted, e.g. type of licence, capacity, operating hours restrictions.

#### 2.7.12 Enforcement will be achieved by the enforcement policy.

### **In respect of the prevention of public nuisance**

#### 4.1 Planning, building control and licensing will be properly separated to avoid duplication and inefficiency. Granting of licences will not relieve applicants of the need to apply for planning permission or building control consent and there is an expectation that these issues will have been explored before licensing applications are submitted. Applicants are recommended to obtain correct planning consents prior to applying for a licence to avoid potentially inoperative licences.

- 4.2 In determining applications for new and varied licences, regard will be had to the location of premises, the type and construction of the building and the likelihood of nuisance and disturbance to the amenity of nearby residents by reason of noise from within the premises, as a result of people entering or leaving the premises or from individuals or groups of customers gathered outside (e.g. in order to smoke)
- 4.3 Applications for new licences or for the extension in size of licensed premises should not normally be granted if the premises will use amplified or live music and operate within or abutting premises containing residential accommodation except that occupied by staff of the licensed premises. A condition may be imposed on new licences that entertainment noise shall be inaudible in any residence. Noise emanating from within licensed premises should not normally be audible outside.
- 4.4 Installation of sound limiting equipment and sound insulation may be required to minimise disturbance to the amenity of nearby residents by reason of noise from the licensed premises.
- 4.7 Regard will be had to any history or likelihood of nuisance. Generally, favourable consideration will be given to applications for later hours in the city centre, on busy main roads and in the central leisure area. Powers may be exercised to impose conditions as to hours of opening in order to avoid unreasonable disturbance to residents of the neighbourhood. Licensed premises in residential neighbourhoods will normally have a terminal hour no later than 2330. In mixed neighbourhoods they will normally have a terminal hour of no later than 0200 hours to counter noise disturbance to residents as informed by the health impact assessment and requested by Licensing Strategy Group.
- 4.8 While each application will always be considered on its merits, as an indication the St James's Street area and the North Laines/area will be considered residential neighbourhoods, and East Street a mixed neighbourhood.
- 4.9 Reasonable controls are available to all premises operators to minimise the impact of noise from customers outside. The council's Environmental Health Department has issued guidance on a number of steps that can be taken in this respect which are endorsed by this policy (see 4.10 below).

#### **4.10 Smoking Advice**

Premises licence holders will be expected to:

- Develop a management plan on how to manage smoking on your premises and ensure that all staff are aware of the contents of this plan, and that it is effectively implemented. Noise from people smoking and talking can be intermittent, vary in character and volume and be intrusive. An effective smoking management plan will help prevent neighbours being disturbed.
- Comply with any planning conditions restricting the use of outdoor areas.
- Ensure that any structures used by smokers comply with the design criteria detailed in the Heath Act 2006 and that any structures, awnings, retractable canopies, etc have the relevant planning permission.

- Ensure any new lighting to outdoor areas must be designed so as not to cause a light nuisance to neighbours and again have the relevant planning permission and building control consent.
- Ensure that the conditions on the premises licence are complied with. There may be conditions restricting the hours of use of gardens and outdoor areas. Having reviewed the contents of the premises licence you may find it necessary to request a variation of your licence.
- Licence tables and chairs on the Public Highway under the provisions of the Highways Act 1980. These licences may have conditions restricting the times that the area can be used.
- Ensure drinks, glasses and bottles are not taken onto the highway unless there is a tables and chairs licence permitting use. A system should be adopted to prevent theft and 'spiking' of drinks, and reminding customers not to leave unattended items.
- Discourage smokers remaining in gardens and outdoor areas and determine terminal hours.
- Discourage smokers remaining outside by removing/disabling tables and chairs or prohibiting their use after a certain time. Lights and heaters will also be turned off.
- Introduce a system that after a certain time the number of smokers outside are restricted to a maximum number. Staff will be needed to manage this restriction.
- Employ staff and/or SIA registered door supervisors to manage doors and control customers and smokers entering and leaving the premises. Staff positioned on the doors can help to encourage customers not to cause a noise problem. It may be that staff are required to manage doors after a certain time, particularly during the hours when neighbouring residents are trying to sleep.
- Ensure door supervisors maintain order outside venues and protect customer safety. BCRP supports the use of Night Safe. Radio net and other pager systems and pub watch schemes can be used to provide for rapid police response and alert other venues where customers and staff are endangered.
- Position signs to remind customers that the premises is in an area where people live. It is not always obvious in busy commercial streets with flats above. By changing the design and wording of signs customers do not forget. Signs can be located in and outside the premises and on tables.
- Use CCTV to manage outside areas.

4.11 Licensed premises should normally display prominent, legible signs at exits reminding customers to leave in a quiet, peaceful, orderly manner.

### **Strategic Integration**

6.5 Specific conditions may be attached to premises licences to reflect local crime prevention strategies. Such conditions may include the use of closed circuit television cameras, use of the NightSafe radio system or accredited scheme, the provision and use of shatterproof drinking receptacles, drugs and weapons search policy, the use of registered door supervisors, specialised lighting requirements, hours of opening.

- 6.6 The licensing authority will have regard to the need to disperse people quickly and safely from the city centre to avoid concentrations which may produce disorder and disturbance.
- 6.8 Other regulatory regimes  
This policy avoids duplication with other regulatory regimes wherever possible.

## **5. FINANCIAL & OTHER IMPLICATIONS:**

### **5.1 Financial Implications:**

The licensing Act 2003 provides for fees to be payable to the licensing authority in respect of the discharge of their functions. The fee levels are set centrally at a level to allow licensing authorities to fully recover the costs of administration, inspection and enforcement of the regime.

Finance Officer Consulted: Karen Brookshaw

Date: 21.09.2011

### **5.2 Legal Implications:**

The licensing authority must act to promote the four licensing objectives which are:

- The prevention of crime and disorder.
- Public safety.
- The prevention of public nuisance.
- The protection of children from harm.

The licensing authority must have regard to its statement of licensing policy and the guidance issued by the Secretary of State in carrying out its functions.

Lawyer Consulted: Rebecca Sidell

Date: 21.09.2011

### **5.3 Equalities Implications:**

Diversity is valued and strong, safe communities are vital to future prosperity. Licensing policy aims to protect children from harm including sale and supply of alcohol to children.

### **5.4 Sustainability Implications:**

Licensing policy aims to prevent public nuisance and develop culture of live music, dancing and theatre.

### **5.5 Crime & Disorder Implications:**

Licensing policy aims to prevent crime and disorder and protect public safety.

### **5.6 Risk and Opportunity Management Implications:**

Licensing is a crucial business and employment opportunity and unnecessary regulation might lead to legal challenge.

5.7 Public Health Implications:

Licensing Policy aims to implement and maintain risk and protective factors regarding the misuse of alcohol and drugs.

5.8 Corporate / Citywide Implications:

The success of the city's tourism strategy requires a safe, attractive city centre to improve competitiveness. The Act may significantly change night time economy
