RSP LAND BEHIND HEATH HILL AVE BEVENDEN

Dear Sir,

I would object to a lease being granted for the above site, until consultations with the residents adjoining the site. The Community Garden could cause an invasion of privacy, problems will arise, security, working hours and Health and Safety.

It is most disturbing that this site has already been cleared by the Bevenden Community Garden (25<sup>th</sup> MARCH) without any lease or planning application, also that the vegetation cut down was removed by City Council, at who's expense??

The lease for this land should not be granted until after due consultation with Brighton + Hove City Council, residents and Bevenden Community Garden Committee

K.A. Steiner
