

John Peel
Democratic Services Officer
Brighton & Hove City Council

Dear John,

Please could the following Written Question be added to the agenda for the next Environment, Transport & Sustainability Committee to be held on 9 July 2013:

Dear Cllr West,

Having been contacted by worried parents at two schools in South Portslade who are concerned about dangerous junctions near their schools as well as a group of residents suffering from continual anti social driving in their small road in the conservation area in the Old Village Portslade, I'm told by the Road Safety Team they are currently only considering work on junctions where there has been 8 injury causing accidents in 3 years. Can you confirm this is the case and when asked by parents "will a child need to be injured before something is done" should I answer, no it will take 8 actually.

Yours Sincerely,

Councillor Alan Robins
Alan Robins Labour and Co-operative Councillor South Portslade
