

NOTICE OF MOTION**LIBERAL DEMOCRAT GROUP****FUEL POVERTY AND EXCESS WINTER DEATHS**

“This Council notes with regret that according to figures from the Office of National Statistics there were 110 excess winter deaths in the three Brighton and Hove Parliamentary constituency in 2006/7. Most of these deaths are caused by cold homes, or fuel poverty as it is known. Thousands more people suffer from living in poorly insulated homes that leak heat.

This Council also notes that David Heath MP (Liberal Democrat), supported by John Gummer MP (Conservative) and Alan Simpson MP (Labour), has tabled the Fuel Poverty Bill, which seeks to develop a strategy to tackle this problem.

The Bill is being promoted by the Fuel Poverty Coalition, a wide range of organisations concerned with the elderly, poverty and the environment – including ACE, Friends of the Earth, Help the Aged, Age Concern and others.

The Bill will reinstate the duty to end fuel poverty. It requires the homes of the fuel poor to be brought up to the minimum energy efficiency standards enjoyed by new homes. It also requires energy suppliers to offer social (i.e. reduced rate) tariffs to vulnerable householders in the short term. The Bill will help to lower energy bills and save carbon emissions.

This Council calls on the city's three MPs to do all they can to assist in the passage of this important legislation. Furthermore it requests that the Chief Executive writes to the three MPs to inform them of the strength of feeling of the Council.”
