# Standards for Better Health

- Safety
- Clinical and cost effectiveness
- Governance
- Patient focused
- Accessible and responsive care
- Care environment and amenities
- Public health

DOH July 2004

# Role of Boards

- To make an annual declaration on the organisations adherence to core standards
- Required to have 'reasonable assurance' of compliance
- Required to state any significant lapse in the organisation meeting core standard

# Assessing Trusts on Core Standards

Defining Core Standards : Guidance published April 2005

- 24 standards broken into 80 elements
- Key pieces of national guidance or legislation relevant to each element

# Safety : reducing harm to children and families

- Incident reporting and learning form when things go wrong
- Safety Alert broadcasts, NSPSA alerts
- Child Protection Procedures
- Infection Control policies
- Medicine Management
- Medical Devices

# Clinical and Cost effectiveness : benefits based on evidence

- NICE Guidance
- Clinical Supervision
- Continual professional development
- Clinical Audit
- Cross organisational co-operation

# Governance : leadership that puts safety and quality at the centre

- Challenging discrimination, promotion of equality and diversity
- Records management
- Professional adherence to codes of conduct
- Compulsory training
- Research governance

# Accessible and responsive care : responsive service offering choice

- Choice of service
- Respecting the choices of children and families
- Avoiding delay especially in emergency situations

# Patient Focus; Working with children and families with dignity and respect

- Fair complaints process
- Confidentiality of information
- Consent to care
- Providing information on choices and service provision

# Care Environment and Amenities: safe private and clean environments

- Safe and clean
- Offer privacy

# Public Health: promote and protect health and reduce inequalities

---

- Provided in accordance with Director of Public health annual report
- Protection in emergency situations e.g. Flu pandemic

# Developmental Standards

- All standards have associated developmental standards
- Plan to assess standards over next three years
- For 2006/7
  - Safety - Acute Trusts
  - Clinical and Cost Effectiveness – MH Trusts
  - Public Health- PCTs

# Process in place for 2006/7

- Process in place using SDH committee structure
- Evidence collated against each standard
- Governance Committee receive assurance on standards from Directors
- Use of South Coast Audit to test evidence
- SDH Board sign final declaration

# Outcome for 2006/7

- Four Standards not met – health records, medicine management, medical devices, compulsory training

# Process for 2007/8

- Role of SDH as a health provider to give evidence of Healthcare Standards in CYPT and approve declaration
- Role of CYPT Clinical Governance Board to provide evidence
- Use of South Downs Health Clinical Governance committee
- Information to CYPT Board
