O Hours premises are open to public	Not given	Sun to Thurs 9.00 – 24.00 Fri to Sat 9.00 – 02.00

3. Representations received

3.1 Details of the representations made are notified to applicants on receipt by the Licensing Authority using a pro-forma. A summary appears below:

- a) A representation has been received from the police on the grounds of lack of information from the applicants about how they will meet the four licensing objectives.

4. Commentary on licensing policy

- 4.1 The following extracts from Brighton & Hove Licensing Policy are considered relevant to this application and numbered as they appear in the policy:

General

- 1.2 The licensing objectives are:-
- (a) prevention of crime and disorder;
 - (b) public safety;
 - (c) prevention of public nuisance;
 - (d) protection of children from harm.

1.4 Each application will be given individual consideration on its merit. Nothing in this policy shall undermine the right of any individual to apply under the terms of the Act for a variety of permissions and to have any such application considered on its individual merits. Similarly, nothing in this policy shall override the right of any person to make representations on an application or seek a review of a licence or certificate where provision has been made for them to do so in the Act

1.14 Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Licensing is about the control of licensed premises, qualifying clubs and temporary events within the terms of the Act, and the conditions attached to licences, certificates and permissions will be focused on matters which are within the control of the licensee and will centre on the premises themselves and their immediate vicinity. When considering these terms and conditions the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned.

In respect of the prevention of crime and disorder

2.2 The licensing authority acknowledges that training and good management play a key part in preventing alcohol and drug related crime. The authority recommends that all licensees of on-licensed premises attend training programmes which will raise their

awareness of the issues relating to drugs and violence in licensed premises, and that suitable training be extended to all bar staff and door staff so that drug dealers and users will be deterred from using licensed premises for illegal purposes and that incidents of violence in licensed premises will be reduced. Licensees are also encouraged to attend training programmes to help identify children at risk and issues of basic child protection.

2.3 It is expected that the designated premises supervisor (DPS) will spend a significant amount of time on the premises. When not on the premises it will be essential that the DPS is contactable, particularly should problems arise with the premises.

Restaurants with outside service

The licensing authority will also consider applications from restaurants that request to serve alcohol to areas adjacent to or immediately outside their premises. In addition to the above conditions for café bars, the licensing authority will require evidence that the applicants have an agreement with the local authority to use the area as defined on a plan provided. The following condition will also apply: -

The sale and supply of alcohol for consumption off the premises shall be restricted to an area licensed by the Local Authority for use of the public highway as shown on the plan deposited and such area shall be defined by a physical barrier acceptable to the licensing authority.

2.5(c) Care, control and supervision of premises

The effective management and supervision of a venue is a key factor in reducing crime and disorder, both within it and outside. The Police will consider the applicants, objecting to the application where appropriate. The Police will suggest crime prevention measures in relation to, for example, the internal layout of the premises, close circuit television, help points, lighting and security staff. The Police may ask for conditions which support such measures to be imposed when planning or licensing applications are granted, e.g. type of licence, capacity, opening time restrictions.

2.8 Enforcement of legal requirements to prohibit sales of alcohol to those intoxicated will be supported.

In respect of Public Safety

3.2 Conditions will be imposed in accordance with operating schedules to protect public safety including where justified:-

- (a) provision of close circuit television and panic buttons.
- (b) use of shatterproof drinking vessels, bottles requiring use of toughened glass or plastic (recognised by Community Safety Strategy).

- (c) use of security personnel, such as door supervisors, licensed by the Security Industry Authority (recognised by the Community Safety Strategy).
- (d) requirement of a minimum of a licensed door supervisor for every 100 customers in nightclubs and large city centre pubs or as indicated by risk assessment.
- (e) occupant capacity conditions will be applied where appropriate.
- (f) the provision of designated and suitably trained first aiders

In order to minimise disputes and the necessity for hearings, it would be sensible for applicants to consult with all responsible authorities when operating schedules are being prepared.

3.3 In determining applications for new licences or extensions in hours or terminal hours of licensed premises, regard will be had to late night public transport availability and location of taxi ranks to aid dispersal of customers as recognised by the Community Safety Strategy and Policing Strategy. Applicants may be required to consult local transport operators

In respect of the prevention of public nuisance

4.2 In determining applications for new and varied licences, regard will be had to the location of premises, the type and construction of the building and the likelihood of nuisance and disturbance to the amenity of nearby residents by reason of noise from within the premises, or as a result of people entering or leaving the premises.

closing times will not be used to combat binge drinking disorder and antisocial behaviour. Zoning will be avoided. A general principle of later opening so that customers can leave for natural reasons, slowly over longer periods will be promoted, to prevent unnatural concentrations of people. The location of violent attacks, anti-social behaviour and hate crime or related incidents may be used to justify closing times.

4.6 In determining applications for new licences or extensions in hours or terminal hours of licensed premises, regard will be had to late night public transport availability and location of taxi ranks to aid dispersal of customers.

4.7 Regard will be had to any history or likelihood of nuisance. Generally, favourable consideration will be given to applications for later hours in the city centre and on busy main roads. Powers may be exercised to impose conditions as to hours of opening in order to avoid unreasonable disturbance to residents of the neighbourhood.

In respect of the prevention of children from harm

5.1 Licensees should note the concern of the authority that drink related disorder frequently involves under 18's. To prevent illegal purchases of alcohol by such persons, the committee recommend that all licensees should work with a suitable 'proof of age' scheme and ensure that appropriate identification is requested prior to entry and when requesting alcohol, where appropriate. Appropriate forms of identification are currently considered to be the following:

- Driving Licence
- Passport
- Citizens Card
- Connexions Card
- Validate Card
- Portman Card

It is the committee's expectation that all staff responsible for the sale of intoxicating liquor receive information and advice on the licensing laws relating to children and young persons in licensed premises. Licensed premises staff are required to take reasonable steps to prevent under age sales. The licensing authority will not seek to limit the access of children to any premises unless it is necessary for the prevention of physical, moral or psychological harm to them.

Strategic Integration

6.5 Specific conditions may be attached to premises licences to reflect local crime prevention strategies. Such conditions may include the use of closed circuit television cameras, the provision and use of shatterproof drinking receptacles, drugs and weapons search policy, the use of registered door supervisors, specialised lighting requirements, hours of opening.

6.7 This policy avoids duplication with other regulatory regimes wherever possible.
