RECORD OF CABINET MEMBER DECISION

DECISION-MAKER: COUNCILLOR GEOFFREY THEOBALD

PORTFOLIO AREA: ENVIRONMENT

SUBJECT: WOODINGDEAN CROSSROADS

AUTHOR: ANDREW RENAUT

THE DECISION

- (1) That the Cabinet Member for Environment notes the emerging proposals that are being developed to improve Woodingdean Crossroads.
- (2) That the Cabinet Member for Environment agrees to the inclusion of an appropriate level of funding in the 2009/10 Local Transport Plan capital programme to enable consultation and construction of the Woodingdean crossroads scheme.
- (3) That the Cabinet Member for Environment authorises the Director of Environment to finalise the engineering design for the junction and to report the outcome of that work to the May 2009 Environment Cabinet Member Meeting for further consideration.

REASON FOR THE DECISION

It is considered important to notify the Cabinet Member of the emerging proposals for this junction to ensure that they are considered acceptable prior to seeking formal approval to undertake public consultation, and to ensure that an appropriate level of funding is made available from the LTP during 2009/10 to progress the development of the proposals.

DETAILS OF ANY ALTERNATIVE OPTIONS

Having been identified as a road safety priority in 2006, it is considered essential that measures are developed and introduced at this junction. The proposals that are being developed are considered to be the most appropriate to address the problems that have been identified. Subject to finalising a safe and satisfactory engineering design, further changes may be necessary as a result of future consultation, prior to

the approval of any preferred scheme. The measures being developed should address a number of issues in a comprehensive manner and therefore minimise the level of disruption and inconvenience that may be caused during any work.

RECORD OF CABINET MEMBER KEY ENVDECISION

DECISION-MAKER: COUNCILLOR GEOFFREY THEOBALD

PORTFOLIO AREA: ENVIRONMENT

SUBJECT: 2009/10 LOCAL TRANSPORT PLAN
CAPITAL PROGRAMME

AUTHOR: ANDREW RENAUT

THE DECISION

- (1) That the Cabinet Member for Environment approves the allocation of the £ million 2009/10 Local Transport Plan settlement to specific Integrated Transport Maintenance schemes as set out in Appendix A of the report.
- (2) That the Cabinet Member for Environment approves the allocation of the R Safety Grant of £476,000 to the Sussex Safer Roads Partnership to continue important funding of casualty reduction measures in the area.

REASON FOR THE DECISION

To approve the allocation of the 2009/10 LTP2 capital programme across key areas of work and enable works to be continued or started.

DETAILS OF ANY ALTERNATIVE OPTIONS

The proposed programme is consistent with the principles and programmes of work established in the approved LTP2 document. Any significant variation from these could result in more detailed scrutiny of the investment programme by the government and raises the possibility of reductions in future LTP funding. Capital investment is essential to deliver national and local transport objectives and targets.
