PART ONE

15. APOLOGIES AND DECLARATIONS OF INTEREST

15.1 John Eyles had given his apologies.

16. NEW CO-OPTEE WELCOME

16.1 Following a vote, Janet Wakeling was unanimously elected as co-optee.

16.2 The Chair Jack Hazelgrove welcomed both Janet Wakeling and Penny Morley as new co-optees, bringing the total membership of the OPC to its full complement of 11 Members.

16.3 The Members all introduced themselves, their wards and areas of special interest and expertise.

17. MINUTES OF THE LAST MEETING 17 JANUARY 2012 AND MATTERS ARISING

17.1 It was noted that at minute 13.6 the Portslade Action Team was chaired by Trevor Alford. Councillor Penny Gilbey was Chair of the Portslade Forum.

17.2 Subject to this amendment the minutes were agreed.

18. INDEPENDENT SECTOR CARE HOME CONTRACT

18.1 Contracts Manager Ambrose Page of the Commissioning Support Unit (Adult Social Care) together with Anne Smith - Clinical Quality Manager and Lawrence Mullen (Brighton & Hove Clinical Commissioning Group NHS Sussex) gave a presentation and replied to questions on the new joint contracts for the City's care homes.

18.2 These will apply to all the City's private sector care homes and will be signed up by the Council, Primary Care Trust and the private sector providers. They are in two sections; terms and conditions and service specification. Nursing in care homes had a particular clinical approach that needed an agreed competency framework ensuring a consistent level of nursing. The framework was being drafted with nurses, carers, residents and GPs working together and safeguarding was an integral part. It is aimed at self-assessment rather than

formal monitoring and taking effect from 2013. It is being launched at a public event on 3 April at St Dunstan's. Invitations would be forwarded to OPC Members.

18.3 Funding issues in the private care sector were well known; the framework was to consolidate existing good practice and should not affect financial stability, nor nursing core competences. The Council is currently looking at how fees are paid equitably to providers.

18.4 Linked with the draft framework, a clinical quality review was also in progress in B&H, supported by the CQC, potentially to be applied in other local authorities. A draft leaflet would be circulated for comment. Further information was on the care homes website, being developed to include further information.

18.5 The Chair Jack Hazelgrove thanked the speakers.

19. THE MARTLETS HOSPICE

19.1 Fundraising Manager Robert Griffiths and Karen Taylor gave a presentation and answered questions on the Martlets Hospice; its structure, services provided, funding arrangements, and numbers of people supported; plus an example of dignity and respect for people who are dying.

19.2 The Martlets would be seeking funding via the new clinical commissioning groups and health and wellbeing board. Hospices typically provided very good support and had become good at fundraising without encroaching on each others' 'territory' and could be seen as victims of their own success in terms of available government funding. There were good links with Sussex Beacon. Fundraising was a continuous core activity but this was becoming more difficult.

19.3 Robert Griffiths said the OPC could help by acting as advocates for The Martlets, especially within the new commissioning system. Also the Hospice was very keen to have new volunteers to bring more expertise to the organisation. OPC Members would be very welcome to visit the Martlets.

19.4 The Chair Jack Hazelgrove thanked the speakers
