

## **DRAFT Housing Management Performance Report** **Quarter 2 2017/18**

This Housing Management performance report covers Quarter 2 of the financial year 2017/18. It uses the 'RAG' rating system of red, amber and green traffic light symbols to provide an indication of performance, and also trend arrows to provide an indication of movement from the previous quarter.

<b>Status</b>		<b>Trend</b>	
	Performance is below target (red)		Poorer than previous reporting period
	Performance is close to achieving target, but in need of improvement (amber)		Same as previous reporting period
	Performance is on or above target (green)		Improvement on previous reporting period

A total of 45 performance indicators are measured against a quarterly target:

- 26 are on target
- 5 are near target
- 4 are below target
- 10 are to be confirmed

Explanations of performance have been provided for indicators which are near or below target.

New areas of monitoring included in the report in response to tenant feedback are Estate Development Budget (EDB) works and estate inspections.

### 3. Empty home turnaround time and mutual exchanges

	<b>Empty home turnaround time and mutual exchange indicators</b>	<b>Target 2017/18</b>	<b>Q1 2017/18</b>	<b>Q2 2017/18</b>	<b>Status against target</b>	<b>Trend since last quarter</b>
3.1	Average re-let time, excluding time spent in major works (calendar days)	21	21 (151 lets)	23 (140 lets)		
3.2	... as above for general needs properties	21	18 (126 lets)	17 (116 lets)		
3.3	... as above for Seniors Housing properties	30	33 (25 lets)	52 (24 lets)		
3.4	Average re-let time, including time spent in major works (calendar days)	No target	53 (151 lets, 98 major)	54 (140 lets, 78 major)	-	-
3.5	Decisions on mutual exchange applications made within 42 calendar days (statutory timescale)	100%	100% (18 of 18)	100% (37 of 37)		

## **Empty home turnaround time and mutual exchanges commentary**

Three indicators are below or near target:

### **Average re-let time, excluding time spent in major works (calendar days) – target 21 days**

The average time to re-let an empty home was 23 days during Quarter 2, missing the target of 21 days or less. This was due to a sharp increase in the Seniors housing re-let time, which increased from 33 to 52 days since the previous quarter, whilst the general needs re-let time decreased from 18 to 17 days.

### **Average re-let time for Seniors housing properties, excluding time spent in major works – target 30 calendar days**

Performance was 52 days during Quarter 2 and missed the target, with the average re-let time sharply increasing compared to the previous quarter's performance of 33 days. Many of the 24 Seniors housing homes were 'hard to let' with only 10 accepted on the first offer – this equates to 42% of Seniors lets compared to 77% of general needs homes. This is generally because there are fewer people on the waiting list who are eligible for Seniors housing (eg because they've not been assessed for it or don't have the assessed mobility need for the property) and because many such properties are unpopular because they are small in size – works have been taking place at several schemes to convert these into larger properties.

### 3.6. Long term empty dwellings by ward (empty six weeks or more as of 1 October 2017)

Ward name (excludes those with no long term empty properties)	No. dwellings	Average days empty	Range of days empty	Comment
East Brighton	3	101	50-204	1 Seniors studio flat ready to let, 1 house ready to let and 1 house undergoing an extension.
Hangleton and Knoll	2	253	239-267	2 houses due to undergo extensions.
Hanover and Elm Grove	11	473	148-813	1 house undergoing major works, 1 house undergoing an extension, and 9 studio flats within Stonehurst Court (a decommissioned Seniors housing scheme).
Hollingdean and Stanmer	1	127	127-127	1 Seniors studio flat to be converted.
Moulsecoomb and Bevendean	3	479	43-708	1 house ready to let, 1 house undergoing an extension and 1 due to undergo an extension.
Patcham	2	134	43-225	1 Seniors studio flat to be converted and 1 house due to undergo an extension.
Queens Park	2	50	43-57	1 flat ready to let and 1 flat undergoing major works.
South Portslade	2	393	71-715	1 flat ready to let and 1 house due to undergo an extension.
Wish	1	57	57-57	1 flat undergoing major works.
Woodingdean	1	43	43	1 house ready to let.
Total	28	315	43-813	Of the 28 properties, 6 were ready to let (21%), 8 were extensions (29%), 2 were conversions (7%) 3 were in major works (11%) and 9 were due to be decommissioned (32%).

## Repairs and maintenance commentary

Five indicators are below or near target:

### **Emergency repairs completed in time – target 99%**

Quarter 2 performance was only 0.1% below target at 98.9%.

### **Appointments kept by contractor as proportion of appointments made – target 97%**

Performance here was 96.1% during Quarter 2 and has decreased by 0.8% since the previous quarter. Further information will follow in this report breaking down the appointments that were late.

### **Responsive repairs passing post-inspection – target 97%**

Performance for Quarter 2 was 94.7%, which even though it remains below target, it has increased by 0.2% from the previous quarter. The reasons for jobs failing post-inspection are 20 due to poor quality work, 2 required extra work to finish the job and 10 needed corrections to the Schedule Of Rates codes used (which detail the type of job carried out and how much they cost).

### **Repairs completed at first visit – target 92%**

Quarter 2 performance was 87.5% and has improved compared to the previous two quarters results of 83.1% and 86.1%. This improvement in performance has been expected following from the introduction of the new 'Complex responsive repair' category and process in April 2017. Mears are now reviewing their van stock requirements and usage to establish if this can be improved.

### **Repairs Helpdesk – longest wait time – target 5 minutes**

The longest time that any caller has waited for their call to be answered during Quarter 2 was 8 minutes and 56 seconds. The average time that a caller waited was 21 seconds.

## 5. Estates Service

6.8	Public estate inspections completed	95%	97% (75 of 77)	TBC	TBC	TBC

NB In future we would also like to report on completion of actions arising from estate inspections, and have looked into this, but don't yet have a system in place to capture this data.

## Anti-social behaviour (ASB) and tenancy management commentary

One indicator is below:

### Victim satisfaction with the way their ASB complaint was dealt with during the year to date ('very satisfied' and 'fairly satisfied') – target 92%

Performance at 82% is below target, with 14 people satisfied out of a total of 17 who were surveyed over the phone after their ASB case was closed. Dissatisfaction was primarily due to a perceived lack of action by the council. This issue has also been picked up through formal complaints and as a result officers have been recommended to maintain a minimum level of telephone contact as a set agreement with the customers so they feel they are kept informed and are made to feel safe and re-assured.

### 6.8 ASB incidents by type

## 7. Seniors Housing

 <b>Seniors Housing indicators</b>		<b>Target 2017/18</b>	<b>Q1 2017/18</b>	<b>Q2 2017/18</b>	<b>Status against target</b>	<b>Trend since last quarter</b>
7.1	Residents who have had a tenancy visit within the last 12 months	98%	97% (836 of 861)	96% (836 of 869)		
7.2	Residents living in schemes offering regular social activities	95%	100% (861 of 861)	TBC	TBC	TBC

7.4	Schemes hosting events in collaboration with external organisations	90%	100% (22 of 22)	TBC	TBC	TBC

The indicator near target is:

### **Seniors Housing residents who have had a tenancy visit within the last 12 months – target 98%**

Performance was 96% at the end of Quarter 2 and has decreased by 1% since the previous quarter. Of 869 Seniors housing residents, 33 have not had a tenancy visit within the past year – 13 residents declined, two were unavailable and 18 require a visit because they are new tenants or a year has recently passed since their last visit. Most of the latter group are likely to be available and therefore will have been visited soon.
