

## West Sussex Pharmaceutical Needs Assessment Consultation Response

Name of Health and Wellbeing Board

<b>Brighton &amp; Hove</b>
----------------------------

Please indicate your preferred answer

<b>1. Does the PNA consider current pharmaceutical services provided in your area that have an impact on the population of West Sussex?</b>	
Yes ✓	No
If no, please explain:	

<b>2. Are there any other services provided in your area that have secured improvements, or better access, to pharmaceutical services for the residents of West Sussex?</b>	
Yes ✓	No
If yes, please explain: Brighton & Hove has a 100 hour pharmacy located at Sainsbury's Instore (Lloyd's) Pharmacy at Old Shoreham Road, Hove. This is accessible to Adur residents after 8pm and on Sundays, when there is currently no pharmacy open nearby in West Sussex after 8pm weekdays, or 4.30pm on Sundays.	

<b>3. Is the information contained in the PNA accurate?</b>	
Yes ✓	No
If no, please explain:	

--

**4. Are there any other pharmaceutical services that impact on the population of West Sussex that have not been mentioned in the PNA?**

Yes ✓	No
-------	----

If yes, please explain: Brighton & Hove Public Health commission a locally commissioned service for sexual health which includes EHC, chlamydia screening, treatment and a c-card scheme. This is available in two pharmacies in North Portslade and Wish wards near the Adur border and West Sussex residents may be benefitting from this. Although a similar EHC service is provided by two pharmacies in Adur, it is not stated if this includes chlamydia screening and a c-card scheme too.

**5. Are there any other services provided in your area that have secured improvements, or better access, to pharmaceutical services for the residents of West Sussex?**

Yes	No
-----	----

If yes, please explain:  
 Repeat of question 2.

**6. If you have any further comments or information, please write them below.**

The PNA provides a comprehensive assessment of the needs of the population of West Sussex for pharmacy services. It includes all the important issues relating to pharmacy services, including maps of the provision of pharmacy services. Of particular interest to Brighton & Hove is the cross-boundary flow of patients that might occur from Adur, Mid-Sussex and southern Horsham wards, which has been highlighted in the document and maps.
