

NOTICE OF MOTION
CONSERVATIVE GROUP
COMMERCIAL RECYCLING FOR SMALL BUSINESSES

This Council notes that It is often not commercially viable for many small businesses and sole traders to use commercial waste recycling services.

This council resolves to:

Request the Chair of Environment, Transport & Sustainability to call for a report to be provided to the next Environment, Transport & Sustainability Committee on a process of how Cityclean could provide an affordable and suitable commercial recycling service for small businesses and sole traders who operate from home or produce very small quantities of recyclable waste.

Proposed by: Cllr. Janio

Seconded by: Cllr Wares
