

Council	Agenda Item 34 (4)
18 th October 2018	Brighton & Hove City Council

NOTICE OF MOTION

LICENSE AND INSURANCE REGULATIONS FOR DELIVERY DRIVERS

This Council resolves to request a report be presented to Environment, Transport & Sustainability Committee detailing the current regulations governing the use of L-plated motorised scooters for commercial activities, where the police not the council is the enforcing authority. This report could explore whether there is any further action to ensure commercial businesses are acting within the law and with corporate responsibility that the Council and other Authorities can take.
