**(i) Valley Gardens Scheme- David Spafford**

“Following the implementation of the ‘Old Steine to Palace Pier Proposals’ how many bus movement per day will go through the junction where the bottom of St James Street meets Grand Parade, and how will this effect traffic flows?”

**(ii) Valley Gardens Scheme- Anne Ackord**

“How does this scheme accommodate the need for the pier to accept deliveries that need to be unloaded directly onto our reinforced forecourt, deliveries can number up to thirty per day and include many tons of steel used in our maintenance programme and without which the pier would not be viable. These deliveries cannot be unloaded at a remote location and must come like they do now, straight from the road onto the forecourt”
