

WRITTEN QUESTIONS FROM MEMBERS OF THE PUBLIC

A period of not more than fifteen minutes shall be allowed at each ordinary meeting for questions submitted by a member of the public who either lives or works in the area of the authority.

The question will be answered without discussion. The person who asked the question may ask one relevant supplementary question, which shall be put and answered without discussion. The person to whom a question, or supplementary question, has been put may decline to answer it.

The following written questions have been received from members of the public.

(a) Mr J. Hooper

Regarding the A27/A270 Junction Improvement and road works associated with the Community Stadium. Stage 2 Road Safety Audit.

“Why was this Safety Audit conducted **after** going out to Tender for its construction, **not received** by B&HCC **before** a successful Tenderer was informally selected, conducted by the **same** company (Amey) as designed the roads on behalf of B&HCC; and **did not consider** the question of the design of the road leading from the A270 to both Stanmer Park and Sussex University having no traffic calming measures (other than a restricted width), or the conflict of both the road into Stanmer Park, and the new access road into that University having, at different times, larger traffic flows than the other?”
