The following written question has been received from a member of the public.

1. QUESTION From: Bhavna Sapat

Please can the Council provide us citizens the overall comprehensive transport strategy for Hove that takes into account the actual and proposed development in all areas where proposed development is possible. Can you please confirm that this transport strategy has actual and proposed traffic modelling underpinning the strategy, and accommodation for pedestrian crossings and achievable bike lanes that don't destroy existing trees and verges?

Councillor Pissaridou, Chair of the Environment, Transport & Sustainability Committee will reply.
