

Brighton and Hove HTST – Training

“Happy, safe, and well supported on their journeys ...”

Training Feedback

We acknowledge that our training programme has been constructed at some speed and is very much a pilot programme upon which we would welcome and encourage your feedback.

Now that you have completed some of the training modules, we would very much like to get your feedback. Please forward this form, when completed, to hometoschooltransport@brighton-hove.gov.uk

(If your comments refer to a specific training module it would be really helpful if you could indicate which one in your comments).

Thank you
