**FOR GENERAL RELEASE****1. PURPOSE OF REPORT AND POLICY CONTEXT**

- 1.1 The purpose of this paper is to provide the Brighton and Hove Health Overview and Scrutiny Committee with an update on progress to date in relation to winter planning, outline next steps and timelines.

**2. RECOMMENDATIONS:**

- 2.1 The Brighton and Hove Health Overview and Scrutiny Committee are asked to review and comment on the Sussex Health and Care Partnership Winter Plan 2020-21 Update.

**3. CONTEXT/ BACKGROUND INFORMATION**

- 3.1 The overall purpose of the winter plan is to ensure that the system is able to effectively manage the capacity and demand pressures anticipated during the Winter period. The Winter planning period covers the period October 2020 to 31 March 2021. The plan should ensure that the local systems remain resilient and are able to manage demand surge effectively, maintain patient safety and support delivery of the relevant business plan objectives and locally agreed system improvements during this period.
- 3.2 For 2020/21, the planning process has also considered the impact and learning from the current Covid-19 outbreak as well as plan for further possible outbreaks. Core to the development of plans for 2020/21 are the following:
- Building upon learning from winter 2019/20

- Developing capacity and demand modelling which takes into account expected A&E activity, impact of the covid-19 pandemic (numbers of incidents as well as impact of national requirements)
  - Reviewing system surge plans and escalation triggers
- 3.3 This year's winter plan has been developed through place based engagement with commissioners and providers through the Local A&E Delivery Board and working groups.
- 3.3 Winter plans have been reviewed through the system and ICS governance framework and an ICS Winter Oversight and Assurance Group has been established to enable this. A RAG rating assurance framework has been used to demonstrate delivery against overarching requirements and key deliverables. Winter plans will assured against the national Key Lines of Enquiry (KLoEs), in addition to assessment of placed based plans and the Sussex wide plans in relation to Communications, Flu, NHS 111 and NHS 999
- 3.3 The Sussex Health and Care Partnership Winter Plan 2020-21 has the following governance and assurance process in progress ahead of submission of the final plan to NHS England:

#### **4 ANALYSIS & CONSIDERATION OF ANY ALTERNATIVE OPTIONS**

4.1 Not relevant to this report to note.

#### **5 COMMUNITY ENGAGEMENT & CONSULTATION**

5.1 The plan has been developed by the place based Local A&E Delivery Boards (LAEDBs) and working groups, which have representation from all local system health and social care providers and commissioners. Healthwatch colleagues are part of the LAEDBs and working groups and have shared learning and informed

the development of the plan. Sussex CCGs engagement team have produced a report from existing patient and public feedback on the new discharge from hospital process, key learning and feedback from this report has been fed into the development of the winter plans.

## **6 CONCLUSION**

- 6.1 The purpose of this paper is to provide the Brighton and Hove Health Overview and Scrutiny Committee with an update on progress to date in relation to winter planning, outline next steps and timelines. The Brighton and Hove Health Overview and Scrutiny Committee are asked to review and comment on the Sussex Health and Care Partnership Winter Plan 2020-21 Update.

## **7 FINANCIAL & OTHER IMPLICATIONS:**

### Financial Implications:

- 7.1 A commissioning stock-take exercise looking at quality and value for money reviewed the additional capacity put in place during the Covid-19 response and has informed the winter plans in terms of actions recommended to continue as part of the arrangements to maintain delivery of the national Hospital Discharge requirements. The winter plans are linked to the work underway in relation to the draft system financial plans required in October.

*Finance Officer Consulted: Name* *Date: dd/mm/yy*

### Legal Implications:

- 7.2 Planning for the winter period is a national requirement for local preparation for additional demands and pressure on the health and social care system expected during the winter period (October 2020 to 31 March 2021).

*Lawyer Consulted: Name* *Date: dd/mm/yy*

### Equalities Implications:

- 7.3 The aims of effective collaborative winter plan arrangements are to ensure that local health and care systems are able to continue to deliver the totality of services that have been developed to meet the needs of the local population which would be in line with agreed local and national strategies and priorities. An Equality Impact Assessment is not appropriate for this paper. Where services are further developed to support delivery during the winter period EIAs will be undertaken.

### Sustainability Implications:

- 7.4 None identified

### Any Other Significant Implications:

7.5 None identified
