| SEN & Disa<br>(140)       | Child and<br>Adolescent<br>Mental Health<br>Services<br>(CAMHS)                   | CAMHS is reporting a £0.140m underspend through appropriate<br>use of the Dedicated Schools Grant to support related activity<br>and in lieu of proposed savings in 2016/17.   |   |
|                           | Health, Safeguar<br>Corporate<br>Critical -<br>Children's<br>Agency<br>Placements | The projected number of residential placements (33.89 FTE) is<br>broken down as 30.53 FTE social care residential placements<br>(children's homes), 3.15 FTE schools placements and 0.21 FTE<br>family assessment placements. The budget allowed for 24.10<br>FTE social care residential care placements, 4.60 FTE schools<br>placements and 0.60 FTE family assessment placements. The<br>average unit cost of these placements is also higher than the<br>budgeted level. Overall the number of placements are 4.59 FTE<br>above the budgeted level, and this combined with the unit cost<br>pressure described above result in an overspend of £1.059m.<br>The numbers of children placed in independent foster agency<br>(IFA) placements has fluctuated in recent years. During 2013/14<br>there were 165.76 FTE placements and this increased to 175.56<br>last year. The current projected number of placements in 2015/16<br>is 156.63 FTE, a reduction of 10.8%. The budget for IFA<br>placements was based on the trend of the previous five years and<br>was set at 177.80 FTE. The numbers being below the budget by<br>21.17 FTE results in the projected underspend of £0.783m.<br>During 2015/16 it is estimated that there will be 1.57 FTE secure<br>(welfare) placements and 0.70 FTE secure (justice) placements.<br>The budget allowed for 1.00 FTE welfare and 1.00 FTE justice<br>placements during the year. There are currently 2 children in a | The number of children in care (CIC)<br>has been high for some time in the<br>city, although this has reduced<br>recently. The following action has been<br>undertaken to ensure threshold is met<br>and to ensure all has been done to<br>prevent the need for a child to become<br>CIC:<br>a) Panel chaired by Assistant<br>Director in place to proactively<br>establish that all evidence based<br>interventions have been tried and<br>to address risk and enable a child<br>to remain within their own family<br>or network and monitor and agree<br>all children who may require care<br>b) To prevent further harm and delay<br>in decision making. Thereby<br>reducing further costs of<br>supporting a CIC child and<br>achieving improved outcomes for<br>the child by identifying children<br>which evidence suggests should<br>be taken in care earlier. The |

|---------------------------|---|---|--|
|                           |   | overspend of £0.428m.   | Residence Order (RO) and SGO<br>applicants to offer homes to children<br>there is a need to match the family and<br>friends rate to make this financially<br>viable for carers. This is a cheaper<br>option than foster care as well as a<br>better outcome for the children<br>matched to these carers. |
| 441                       | Corporate<br>Critical<br>16+Services    | The budget for 16+ services is split across four client types. Care<br>Leavers, Ex- Asylum Seekers, Looked After Children and<br>Preventive. Across these services the budget allows for 57.50<br>FTE young people and currently the projection is based on 64.10<br>FTE young people. The average unit cost of accommodation is<br>also projected to be higher than allowed in the budget. The non-<br>accommodation costs are also currently anticipated to overspend<br>the budget by £0.197m resulting in an overall overspend of<br>£0.441m. | Demand and costs are high in this are<br>however all costs are kept under<br>review to ensure that spend is<br>appropriate in relation to need.  |
| 142                       | In-house foster<br>carer<br>recruitment | A contract with iMPOWER to conduct the first phase of a review included a fixed cost payable in 2015/16 of £0.142m.   | The intention of the review and<br>subsequent follow up work is to<br>increase the share of in-house foster<br>carers.   |
| 1,514                     | Social Work<br>Teams                    | The total overspend of £1.514m across the social work teams is<br>primarily the result of the ongoing use of Agency staff and<br>recruitment above the budgeted establishment level. This is a<br>result of the increase in activity levels being experienced over the<br>last 12 months and the inherent inflexibilities built into the<br>previous staff structures and management practices. The 'model<br>of practice' restructure should address these issues and reduce<br>the over-reliance on agency staff.                               | Consultation on the service design is<br>complete and implementation of the<br>restructure was effective from 26<br>October 2015.  |
| (119)                     | Legal Fees                              | Based on the spending patterns in the previous financial year it is<br>anticipated that there will be an underspend of £0.119m on legal<br>fees. The social work 'model of practice' restructure (see above)<br>should, in the longer term, have an impact on the level of court  |  |

| Key<br>Variances<br>£'000 | Service                                  | <b>Description</b><br>(Note: FTE/WTE = Full/Whole Time Equivalent)  | Mitigation Strategy   |
|---------------------------|--|---|---|
|                           |  | costs in the future and it has been agreed that funding would be re-invested from the legal fees budget.  |   |
| 328                       | Section 17<br>Preventive                 | This overspend of £0.328m relates to the increased costs of staff<br>and agency in respect of supported packages being agreed to<br>avoid increased instances of LAC. The estimated housing<br>recharge for homeless families at Month 7 is approximately<br>£0.256m and is due to a rise in the number of families needing<br>accommodation and an increase in expenditure charged to the<br>No Recourse to Public Funds budget. | A new low-cost IT system has been<br>purchased to work with the Home<br>Office direct to ensure speed of<br>decision making on these families. An<br>employee has also been seconded to<br>work closely with Housing to minimise<br>expenditure by both Departments.                    |
| 89                        | Fostering &<br>Adoption                  | There were a number of reductions to staffing establishments as<br>part of the 2015/16 budget savings within the fostering and<br>adoption teams. The staffing complements have yet to be<br>adjusted to fully reflect the savings. The gross overspend in this<br>service area is £0.134m of which £0.045m relates to unachieved<br>savings, see table above.  | iMPOWER have been helping us to<br>improve the ratio of foster carers. The<br>review has to be in line with findings<br>and processes required to create<br>substantial predicted savings which<br>would require more social workers to<br>supervise carers as required by<br>guidance. |
| (135)                     | Family Drug &<br>Alcohol Court<br>(FDAC) | It is anticipated that there will be an underspend on FDAC of £0.135m based on expenditure in the first 7 months of the financial year.   |   |
| (100)                     | Youth<br>Offending<br>Service (YOS)      | The current projected underspend of £0.100m is a result of a number of vacant posts being held in advance of 2016/17 savings allocated to the YOS.  |   |
|                           | amilies, Youth &                         |   |   |
| (230)                     | Early Years                              | Following the budget proposals to reduce the service provision, a number of vacant posts have been held and service redesign begun. The subsequent decision to defer the saving for one year will result in an underspend against this budget. The whole underspend in this area is £0.254m of which £0.024m is shown above as overachievement of savings.  |   |

| Across City Clean & Parks | Comprehensive service redesign<br>across City Clean and Parks.<br>The proposal includes a<br>reduction in gardening provision<br>of approximately 8% | 300                                      | 300                                  | 0                     | Implementation of the service<br>redesign in now complete, which<br>includes the purchase of four<br>new mechanical sweepers and<br>establishment changes<br>implemented from September<br>2015.   |
| Recycling                 | Reduction in professional fees budget  | 24                                       | 24                                   | 0                     |  |
| Parks & Open Spaces       | Reduced contribution to core<br>costs of Biosphere project   | 20                                       | 20                                   | 0                     |  |
| Fleet Section             | A business plan is being<br>developed to offer servicing,<br>maintenance and MOTs to other<br>council departments and on a<br>commercial basis       | 50                                       | 0                                    | 50                    | This saving is dependent on<br>completion of refurbishment<br>works at Hollingdean Depot<br>which are not due for completion<br>until April 2016. This has been<br>offset in the current financial year<br>from underspends identified<br>within the TBM forecast. |
| Public Conveniences       | Reduce opening times of some<br>sites, reduce cleansing<br>frequency and close sites which<br>are in close proximity to<br>alternative locations     | 40                                       | 40                                   | 0                     | Closure of The Lanes public<br>convenience from June and<br>further closures anticipated to<br>met the full year effect of the<br>saving.  |
|                           |  | 659                                      | 609                                  | 50                    |  |
| City Regeneration         |  |  |                                      | -                     |  |
| Economic Development Team | Service redesign   | 35                                       | 35                                   | 0                     |  |
| Sustainability Team       | Integration of the Sustainability<br>Team with the International<br>Team   | 53                                       | 53                                   | 0                     |  |
|                           |  | 88                                       | 88                                   | 0                     |  |

| Service   | Description of Saving<br>Opportunity   | Planned<br>Savings<br>2015/16<br>(£'000) | Achieved /<br>Anticipated<br>(£'000) | At<br>Risk<br>(£'000) | Progress / Mitigation  |
|---|--|--|--------------------------------------|-----------------------|--|
| Planning & Building Control<br>Building Control                     | New business model aimed at<br>achieving a break-even position;<br>this includes a reduction in staff<br>costs   | 20                                       | 20                                   | 0                     |  |
| Development Management  | Implementation of pre-application<br>charges to secure £0.100m fee<br>income and a reduction in staff<br>costs through a Business<br>Process Review of the service | 145                                      | 56                                   | 89                    | The service is developing a<br>framework for pre-applications<br>charges following approval at<br>October P&R Committee. It is<br>planned to seek P&R Committee<br>approval in January 2016 to<br>implement charges. The service<br>will continue to monitor and<br>maximise income budgets on a<br>regular basis. |
| Planning Policy & Strategy  | A reduction in staffing costs and<br>a re-alignment of team reporting<br>lines   | 45                                       | 45                                   | 0                     |  |
| Planning Projects   | A reduction in staffing costs  | 20                                       | 20                                   | 0                     |  |
| Development Management  | Introduction of Planning<br>Performance Agreements<br>(PPAs)   | 22                                       | 22                                   | 0                     | Approval was granted at October<br>P&R for delegated authority to<br>negotiate bespoke one-off<br>Planning Performance<br>Agreements (PPAs) for all major<br>schemes.  |
|   |  | 252                                      | 163                                  | 89                    |  |
| Housing General Fund<br>Head of Housing &<br>Administrative Support | Deletion of posts  | 100                                      | 100                                  | 0                     |  |

| Service                                   | Description of Saving<br>Opportunity   | Planned<br>Savings<br>2015/16<br>(£'000) | Achieved /<br>Anticipated<br>(£'000) | At<br>Risk<br>(£'000) | Progress / Mitigation   |
|---|--|--|--------------------------------------|-----------------------|---|
| Homemove                                  | Charge Registered Providers for<br>running cost of the Joint Housing<br>Register and shortlisting  | 140                                      | 10                                   | 130                   | Recent discussions with<br>Registered Providers suggest<br>that the original savings figure<br>was too optimistic and so there is<br>currently a shortfall. Other<br>savings are currently being<br>sought to address this. |
| Housing Adaptations Team                  | HRA funded (£0.016m<br>Occupational Therapy resource).<br>Deletion of Senior Occupational<br>Therapist post (0.78 FTE,<br>£0.034m)                         | 50                                       | 50                                   | 0                     |   |
| Housing Options/Statutory<br>Homelessness | Removal of post that delivers<br>housing advice to inmates of<br>Lewes prison immediately pre-<br>release and reduction in housing<br>options officer post | 59                                       | 41                                   | 18                    | 0.50 FTE of the Preventing<br>Offender Accommodation Loss<br>(POAL) post will no longer be<br>deleted. The savings will be<br>found from elsewhere within the<br>Housing Service.   |
| Housing Strategy &<br>Development Team    | Increase in fees for Locata<br>(£0.011m) and restructure of<br>service (£0.040m)   | 51                                       | 51                                   | 0                     |   |

| Service                     | Description of Saving<br>Opportunity   | Planned<br>Savings<br>2015/16<br>(£'000) | Achieved /<br>Anticipated<br>(£'000) | At<br>Risk<br>(£'000) | Progress / Mitigation  |
|-----------------------------|--|--|--------------------------------------|-----------------------|--|
| Temporary Accommodation     | Framework Agreements to<br>reduce the use of high cost<br>emergency accommodation<br>(£0.100m). Amalgamation of<br>income and credit control team<br>(£0.020m). Realignment of staff<br>time on specific projects<br>(£0.050m). Reduced<br>contributions to reserve fund<br>(£0.040m). | 210                                      | 190                                  | 20                    | The new framework agreements<br>are reducing costs by using less<br>expensive spot purchase bed<br>and breakfast, however service<br>pressures still exist for this<br>budget area (as shown in the<br>forecast) due to the current high<br>levels of spot purchase which<br>are gradually reducing. The<br>amalgamation of the credit<br>control team is no longer a viable<br>option and so this saving of<br>£0.020m is currently at risk.<br>Other savings are currently being<br>sought to reduce expenditure<br>further to meet this saving. |
| Temporary Accommodation     | Increased income of £0.030m<br>from Seaside Homes<br>management fee.   | 30                                       | 30                                   | 0                     |  |
| Travellers                  | Reduction in use of day time<br>security guards at Horsdean<br>enabled by use of Site and<br>Support Officers during office<br>hours   | 30                                       | 30                                   | 0                     |  |
| Housing Strategy Overall    | Reduction in Personal Assistant support  | 26                                       | 26                                   | 0                     |  |

|-------------------------------|--|--|--------------------------------------|-----------------------|-----------------------|
| Public health Housing Support | Public Health are supporting the<br>ongoing funding of the Housing<br>Support Service supporting<br>vulnerable people in emergency<br>accommodation, preventing<br>homelessness, linking with<br>health services and improving<br>health outcomes. | 50                                       | 50                                   | 0                     |                       |
|                               |  | 820                                      | 653                                  | 168                   |                       |
| TOTAL ENVIRONMENT, DEVEL      | OPMENT & HOUSING   | 3,033                                    | 2,692                                | 342                   |                       |

| Key<br>Variances<br>£'000 | Service                              | Description  | Mitigation Strategy   |
|---------------------------|--------------------------------------|--|---|
| Transport                 |                                      |  |   |
| (31)                      | Head of<br>Transport                 | Expenditure and recruitment controls are in place resulting in a forecast underspend.  |   |
| (21)                      | Highways                             | Variance largely relating to highway licensing fees.   |   |
| 30                        | Highways<br>Engineering              | The variance is due to under achievement of staff<br>costs recharged to capital projects, which has been<br>partly offset by vacancy management. | Budgets relating to staff costs rechargeable to<br>capital projects are currently being reviewed to<br>minimise the impact on the revenue budget within<br>the financial year and on an on-going basis. |
| (22)                      | Transport Plan<br>and Road<br>Safety | Recruitment controls are in place resulting in a service underspend.   |   |
| (607)                     | Parking                              | Minor net variance of £0.001m forecast on Pay and Display income.  | Actual income is monitored and reported on a monthly basis as part of the TBM process. There are a range of factors that can impact on parking  |

| Key<br>Variances<br>£'000 | Service | Description  | Mitigation Strategy  |
|---------------------------|---------|--|--|
|                           |         |  | activity and therefore any significant variations to<br>the forecast are reported and acted upon regularly.<br>Minor percentage variations in activity could result<br>in significant financial implications.  |
|                           |         | Permit income is expected to over achieve by<br>£0.492m. There has been significantly higher<br>demand for resident, trader, visitor and suspension<br>permits during the year compared to budgeted<br>expectations. There are a number of contributing<br>factors such as change in behaviour from pay-and-<br>display to trader permits, demand from new resident<br>schemes being greater than anticipated and<br>increased suspension permits due to a higher level<br>of development in the city. The change from<br>previously reported forecast is largely due to greater<br>certainty of in year demand. |  |
|                           |         | There is a £0.141m variance largely relating to<br>Penalty Charge Notice previous years debt, where<br>performance of recovery has reduced, resulting in a<br>greater contribution to the bad debt provision   | There is currently a BPI review focusing on<br>improving PCN debt recovery procedures which is<br>expected to improve the ongoing bad debt<br>requirement.   |
|                           |         | There is net £0.109m over achievement of off-street<br>parking income forecast across the various car<br>parks, with the main contributing factor being<br>additional income at London Road car park due to an<br>contractual agreement for car park use with an<br>external company. Borrowing costs associated to car<br>park investment is forecast to under spend by<br>£0.162m due to reducing borrowing costs over the<br>repayment period. Other minor variances largely<br>relating to car park premises costs.  | The service is in the process of reviewing options<br>for car park investment to determine if the ongoing<br>borrowing revenue budget is required. The service<br>will aim to fund ongoing budget overspends from<br>within existing budgets on a permanent basis. |
|                           |         | Recruitment controls are in place resulting in a service underspend.   |  |

| Key<br>Variances<br>£'000 | Service                                    | Description   | Mitigation Strategy  |
|---------------------------|--|---|--|
| <b>City Clean</b>         | & Parks                                    |   |  |
| (53)                      | City Clean and<br>City Parks<br>Management | Expenditure and recruitment controls are in place resulting in a forecast underspend.   |  |
| 114                       | City Clean<br>Operations                   | £0.122m related to employee overspend largely due<br>to the one-off pressure of Easter bank holidays<br>falling twice in the financial year resulting in<br>additional overtime and Resident Service Guarantee<br>payments; in addition to weekend working on<br>communal recycling rounds and city wide clean up<br>activities.  | This one-off overspend will result in future year<br>underspends due to the timing of bank holidays<br>within the financial year. Agency staff and overtime<br>payments are being reduced to minimum levels. |
|                           |  | £0.038m overspend forecast for premises costs at<br>Hollingdean Depot where estimates of utilities,<br>repairs and security are greater than budget.<br>There is a net £0.031 underspend within the City<br>Clean Strategy and Projects service following the<br>expenditure and recruitment controls in place.   | Spending controls on non essential expenditure<br>and recruitment are in place to reduce the forecast<br>overspend across the City Clean operation service.  |
| (154)                     | City Parks<br>Operations                   | Controls on non essential expenditure across the<br>parks operations service, such as equipment,<br>materials and other supplies and services are<br>contributing to a forecast service underspend of<br>£0.119m. Expenditure on maintenance and<br>replacement of playground and other parks<br>equipment are being reduced to minimum regulatory<br>standards, resulting in an £0.064m forecast<br>underspend. There is a £0.029m service pressure at<br>Rottingdean mini golf course which has been let at a<br>peppercorn rent. |  |
| (47)                      | Fleet<br>Management                        | A delay to the savings from increased servicing and<br>MOT income which is dependant Hollingdean Deport<br>refurbishment works has been offset by in year<br>underspends within the service.  |  |

| Key<br>Variances<br>£'000 | Service   | Description  | Mitigation Strategy   |
|---------------------------|---|--|---|
| (82)                      | Head of<br>Planning &<br>Building Control         | Recruitment controls are in place following temporary acting up arrangements resulting in a service underspend.  |   |
| (21)                      | Business<br>Development &<br>Customer<br>Services | Minor variance forecast largely due to vacancy control.  |   |
| 26                        | Development<br>Planning                           | Overspends relating to managing demand of<br>planning applications and under achievement of<br>income in a competitive commercial environment<br>have been reduced following the expenditure and<br>recruitment controls in place.                               | The service is currently reviewing the type and<br>level of fees charged to minimise the impact of the<br>overspend forecast.                       |
| (34)                      | Planning Policy<br>and Major<br>Projects          | Forecast additional costs resulting from the Planning<br>Examination for the City Plan of £0.028m is offset<br>following controls on non essential expenditure<br>(£0.031m), maximising one-off external funding<br>(£0.020m), and vacancy management (£0.010m). |   |
| Housing Ge                | eneral Fund                                       |  |   |
| (37)                      | Head of<br>Housing                                | The forecast underspend of £0.037m is due to employee recharges brought about by the acting up   |   |
|                           |   | arrangements regarding the Chief Executive's post  |   |
| (130)                     | Homemove  | A recent review of the work the team carries out for<br>the HRA has led to a change in the recharge leading<br>to a forecast underspend of £0.051m. There is also a<br>further underspend of £0.020m due to vacancies.   |   |
| (75)                      | Housing Options                                   | This relates to vacancies being held.  |   |
| (28)                      | Housing<br>Strategy &<br>Development              | The underspend on Housing Strategy &<br>Development relates to the recharge of the Head of<br>Housing Strategy to the HRA for the covering of the<br>vacant Head of Property & Investment post.  |   |
| 102                       | Housing<br>Support Service                        | This service relates to staff who are keeping clients<br>safe while placed in temporary accommodation.<br>During 2014/15 service pressure funding was  | The service is currently reviewing functions in discussion with Adult Social Care to bring costs back in line with budget. In addition six staff on |

| Key<br>Variances<br>£'000 | Service  | Description   | Mitigation Strategy   |
|---------------------------|--|---|---|
|                           |  | available to fund this service, however, this has not<br>been made available for 2015/16, leaving a service<br>pressure at this time.   | temporary contracts have been given notice and will leave by the end of September.  |
| 692                       | Corporate<br>Critical -<br>Temporary<br>Accommodation<br>& Allocations | £0.531m relates to the on-going need to spot<br>purchase expensive bed and breakfast<br>accommodation due to the current shortage of<br>supply of less expensive leased accommodation and<br>the need to handback 54 leased properties. There is<br>a further forecast cost of £0.510m relating to using<br>competitively tendered frameworks that reflect the<br>price of the market in Brighton & Hove as a result of<br>further demand. These overspends are off set by the<br>use of leased accommodation which is due to<br>underspend by £0.410m. | With the new framework in place, more leased<br>properties are being procured but these are more<br>expensive and not keeping pace with demand.<br>Also as 54 properties have been handed back, this<br>has led to the equivalent extra use of expensive<br>emergency nightly accommodation. The review of<br>properties with Adults and Childrens Services<br>clients has not resulted in any properties being<br>released and the current recharging methodology<br>means that this Housing General Fund budget<br>does not currently charge the full management<br>cost of this service on to other departments.<br>Although 100 new leased properties have just<br>been ordered it will take some months before<br>these materialise, if at all and with further<br>handbacks, this pressure is set to continue. Other<br>landlords with fewer properties are also being<br>approached with a view to expanding the leased<br>property portfolio. |
| 124                       | Private Sector<br>Housing  | The majority of this variance arises from the timing of<br>approval for second discretionary licensing scheme<br>which, with formal notice period, means<br>implementation will not be until November 2015. This<br>means that budgeted income will be reduced by an<br>estimated £0.180m, during 2015/16 which will not<br>align to currently budgeted costs, leading to a service<br>pressure on employee costs, as employee time will<br>not be recharged to the new scheme.   | Staffing and other costs will have to be reviewed<br>and adjusted to align resources to the fee income<br>achieved from the mandatory, and two additional<br>licensing schemes. It is anticipated that the<br>majority of the fees will be received during the first<br>year of operation of the second additional licensing<br>scheme and it is therefore intended to resource the<br>service flexibly to accommodate demand.  |

| Royal Pavil               | ion, Arts & Museu                 | ms   |  |
| 11                        | Royal Pavilion,<br>Arts & Museums | There are on-going pressures against commercial income of<br>approximately £0.275m (retail, admissions, catering) and<br>increases in security system and premises repair costs of<br>£0.060m. The service has worked extremely hard to cover<br>these pressures by holding vacancies (£0.275m) and stopping<br>all non essential spend where possible. This has resulted in an<br>overall overspend position of £0.011m reported here.  | There continues to be close monitoring<br>of all income streams and holding<br>vacancies and other expenditure where<br>possible to help cover these pressures<br>- in line with the new financial control<br>measures put in place. |
| Tourism &                 | Venues                            |  |  |
| 0                         | Tourism &<br>Venues               | Venues are still reporting a forecast break-even position at this stage however there are a number of pressures being managed with an overall net risk of £0.066m<br>This includes £0.130m against Entertainments income based on contracted business and concerts that Venues are either in discussion over or where there are blank dates in the diary and there is reasonable confidence that business will appear at some point. There is also an additional £0.017m relating to lost merchandise and recharges income less the estimated saving on Stewarding. The Venue was successful in appealing its level of Business Rates and has received a reduction for 2015-16 of £0.022m and significant further savings have been identified including vacancy management £0.015m and reduced use of casuals £0.015m which together with general underspending across the service, has helped reduce the overall risk. A spending freeze of all non-operational and non-essential expenditure was put in place during August and remains in place for the remainder of the financial year. |  |
| Libraries                 | Libraries                         | Brook over position reported which is unchanged from last  |  |
| 0                         |                                   | Break–even position reported, which is unchanged from last<br>month. Currently working on two areas to reduce spending: (i)  |  |

| Key<br>Variances<br>£'000 | Service   | Description  | Mitigation Strategy |
|---------------------------|---|--|---------------------|
|                           |   | campaign to collect in more of outstanding income which<br>currently stands at £65.5k; (ii) reducing the amount of cover<br>provided for new vacancies as they arise, balancing this against<br>need to avoid temporary closures too often.  |                     |
| (290)                     | Policy & Communi<br>Corporate Policy<br>& Communities | ties<br>A net underspend of £0.290m is forecast across the service at<br>Month 7, compared to £0.088m last month.<br>The latest forecast assumes that the uncommitted funding of<br>£0.100m against the Grants programme is released; whilst this<br>funding is not contractually committed, an in-principle extension<br>has been given to the provider of the Money Works contract<br>from August 2016 - March 2017, following Neighbourhoods,<br>Communities & Equalities (NCE) committee meeting on 20th<br>July.<br>In addition to this there are now savings of approximately<br>£0.100m against the Communities initiatives budget from the<br>deletion of the Community Needs assessment officer post and a<br>reduction in funding for Black & minority Ethnic (BME) and<br>disability equality projects.<br>The forecast includes the previously reported underspend<br>against the staffing budget (£0.101m) as a result of vacancy<br>management and an external secondment. |                     |
| Sport & Lei<br>(131)      | sure<br>Sport & Leisure                               | Sport & Leisure are reporting an underspend of £0.131m at<br>Month 7. The underspend is much improved from Month 6 and<br>largely reflects £0.090m from deferral of projects in Sports<br>Facilities into next financial year (e.g. removal of spectator<br>stand which is no longer fit for purpose and reinstatement of<br>area at Withdean Stadium). There are underspends of<br>£0.020m from vacancy management and £0.020m against<br>Events.   |                     |

| Key<br>Variances<br>£'000 | Service             | Description   | Mitigation Strategy |
|---------------------------|---------------------|---|---------------------|
| Public Healt              | h                   |   |                     |
| (180)                     | Public<br>Health    | The PH ring-fenced grant was £20.806m for 2015-16<br>(which includes the half year effect of Health Visitor<br>commissioning transfer of £2.111m). As reported<br>previously the service has been able to fully cover the<br>£1.290m (6.2% reduction) of savings needed to deliver<br>the in-year reduction against the PH ring-fenced grant.<br>However it should be noted that the majority of this has<br>come from carry-over planned spends (£0.850m was<br>carried forward from 2014-15) that will not now take<br>place, and so is non-recurrent.<br>It is likely that this reduction in funding will continue,<br>and there could be further cuts to the ring-fenced grant<br>in 2016/17. In anticipation of this, additional<br>underspends have been identified this year where<br>possible (£0.180m identified at Month 7). Ordinarily<br>this could be carried forward as part of the Public<br>Health reserve, in line with the grant conditions.<br>However, given the severity of the Council's financial<br>position the underspend is shown here to help free up<br>funding to support other services, such as Children<br>and Adult Services - where it can be demonstrated that<br>there are clear public health outcomes. |                     |
| Community                 | Safety              |   |                     |
| (71)                      | Community<br>Safety | There is a forecast underspend at Month 7 of £0.071m, which is mainly against the staffing budget from holding vacancies and utilisation of external grant funding. This is an improvement from last month of £0.020m.  |                     |
| <b>Public Prote</b>       |                     |   |                     |
| (73)                      | Public              | There is a staffing underspend of £0.044m against   |                     |

| Key<br>Variances<br>£'000 | Service    | Description  | Mitigation Strategy |
|---------------------------|------------|--|---------------------|
|                           | Protection | Trading Standards. Across Environmental Health & Licensing there is a staffing underspend of £0.029m projected from the implementation of one-off measures (including external secondment and unpaid leave). |                     |

| Key<br>Variances<br>£'000 |                                    | Description  | Mitigation Strategy |
|---------------------------|------------------------------------|--|---------------------|
| HR & Organ                | nisational Development             |  |                     |
| (116)                     | HR & Organisational<br>Development | The HROD service is now projecting an<br>underspend of £0.116m. This is an increase<br>of £0.066m over last month. The additional<br>savings reflect the requirements of the further<br>in-year share of the Council's overspend<br>through the delay/postponement of planned<br>training on Adults/Children's training<br>programmes and an additional £0.040m of |                     |

| Key<br>Variances<br>£'000 | Service           | Description  | Mitigation Strategy |
|---------------------------|-------------------|--|---------------------|
|                           |                   | <ul> <li>non-attendance income that would normally be re-invested in the training programme.</li> <li>It is noted that there is a cost pressure remaining within the service due to additional savings added in last year's budget round that will be addressed via service reviews in the 4 year plan</li> </ul>  |                     |
| ICT                       |                   |  |                     |
| (54)                      | ICT               | At Month 7, the service is forecasting an<br>underspend of £0.054m being anticipated<br>savings in the salaries budget and through<br>review of hardware spend in the last month.<br>These will be used to offset the Business<br>Objects settlement fee and increased<br>Business Objects licensing costs. It is now<br>hoped to cover the majority of the Business<br>Objects costs from the service's budget  |                     |
| Property &                |                   |  |                     |
| (660)                     | Property & Design | The commercial income forecast shows an<br>overachievement of £0.050m, with good<br>results still at New England House. There are<br>expected underspends during this financial<br>year for utility costs at Hove Town Hall, due to<br>the Workstyles programme, improved water<br>monitoring with automatic meter readings and<br>other various utilities efficiency savings<br>totalling £0.118m. Contracts and property<br>functions reviews should save a further<br>£0.140m. The recent Financial Controls have<br>led to only essential maintenance being<br>carried out, which is predicted to save<br>£0.275m on planned maintenance and<br>£0.077m on reactive maintenance. |                     |

| Key<br>Variances<br>£'000 | Service                                     | Description   | Mitigation Strategy |
|---------------------------|---|---|---------------------|
| (30)                      | Customer Services                           | Customer Services budgets have transferred<br>from the former City Services this month, and<br>these are expected to underspend by<br>£0.030m due to vacancy management.  |                     |
| Finance                   |   |   |                     |
| (58)                      | Finance                                     | The forecast for Financial Services,<br>Procurement & Audit is for an underspend of<br>£0.058m. However, with the Brighton NAFN<br>office having closed on 30 September this<br>year, it is expected that the council will not be<br>able to recover fees and costs of<br>approximately £0.084m. The current intention<br>is to attempt to bear these pressures within<br>existing resources. |                     |
| (248)                     | Revenues & Benefits                         | Revenues and Benefits budgets have<br>transferred from the former City Services and<br>are forecasting an underspend of £0.248m.<br>This is due to increased vacancy<br>management, along with continued expected<br>overachievement of income targets and a<br>reduction in projected costs of computer<br>maintenance.  |                     |
|                           | enefits subsidy                             |   |                     |
| (397)                     | Subsidy                                     | There is a forecast surplus of £0.261m<br>(previously £0.300m) associated with the<br>recovery of over payments of former Council<br>Tax benefit. In addition a surplus of £0.136m<br>previously (£0.100m) is forecast on the main<br>subsidy budget.   |                     |
|                           | e, Improvement & Progr                      |   |                     |
| (31)                      | Performance,<br>Improvement &<br>Programmes | The service is projecting an underspend of £0.031m this month by continuing to minimise the development work for Performance & Risk   |                     |

| Key<br>Variances<br>£'000 | Service                        | Description  | Mitigation Strategy |
|---------------------------|--------------------------------|--|---------------------|
|                           |                                | Management software system, vacancy control and reducing non staffing expenditure to an absolute minimum.  |                     |
| Legal & De                | mocratic Services              |  |                     |
| (140)                     | Legal & Democratic<br>Services | With the spending controls in mind, Legal<br>Services & Democratic Services are<br>projecting an under spend of £0.140m at<br>Month 7. This is due to extended vacancy<br>control, management of one off payments and<br>improved income forecasts.  |                     |
| (268)                     | Life Events                    | Life Events budgets have transferred from the<br>former City Services this month and are<br>forecasting an underspend of £0.268m, an<br>increase of £0.200m from last month's figure<br>of £0.068m. The underspend is due to one-<br>off government funding in respect of personal<br>land charges liability costs, partly offset by<br>income pressures in the service. |                     |

### Key Variances

| Кеу                | Service                       | Description  | Mitigation Strategy |
|--------------------|-------------------------------|--|---------------------|
| Variances<br>£'000 |                               |  |                     |
| Concessio          | nary Fares                    |  |                     |
| (137)              | Concessionary<br>Fares        | There is a reduction in the fixed deal payment to B&H<br>Buses of £0.105m to allow for the cessation of some<br>routes and the remaining saving is mainly from lower<br>than forecast trip numbers across other operators.   |                     |
| Capital Fin        | ancing Costs                  |  |                     |
| (133)              | Capital<br>Financing<br>Costs | In response to fairly volatile PWLB rates, some<br>analysis of borrowing costs and interest rate<br>forecasts have led to some "trigger" rates that may<br>determine the undertaking of two tranches of PWLB<br>borrowing in 2015/16. The PWLB rates are published<br>twice a day and officers are pro-actively monitoring |                     |

| Key<br>Variances<br>£'000 | Service  | Description  | Mitigation Strategy |
|---------------------------|--|--|---------------------|
|                           |  | these rates; if the rates reduce to or below the first<br>trigger rate set, £5.000m borrowing will be<br>undertaken and a subsequent £5.000m will be<br>undertaken if a second trigger rate is met. This<br>borrowing will replace the short term borrowing<br>budgeted for in 2015/16 and the Financing Costs<br>underspend forecast assumes both tranches of<br>borrowing will be undertaken. The underspend has<br>increased from Month 5 because the trigger rates<br>have not been met to date, so the expected date of<br>borrowing has moved further into the future and<br>therefore no borrowing costs incurred to date. If the<br>trigger rates are not met in the current year, there<br>may be a further £0.075m saving in the Financing<br>Costs budget in 2015/16, but this would potentially<br>increase borrowing costs in future years. |                     |
| Unallocate                | d Contingency 8                                    | & Risk Provisions  |                     |
| (372)                     | Unallocated<br>Contingency &<br>Risk<br>Provisions | Part of the financial controls introduced by ELT in<br>September was a review of unspent 2014/15 budgets<br>that were approved for carry forward into 2015/16. A<br>review of these allocations has identified £0.291m<br>which can be released to support the overall position.<br>This consists of Stronger Families, Youth and<br>Communities (£0.148m), Human Resources and<br>Organisational Development (£0.087m), Housing<br>(£0.036m) and Communications (£0.020m). In<br>addition to this £0.081m of unrequired risk provision<br>has been released.  |                     |
| Unringfend                |  |  |                     |
| 3                         | Grants   | Minor variance.  |                     |
|                           | orate Items  |  |                     |
| (516)                     | Centrally  | The underspend here relates to unrequired balances   |                     |

| Key<br>Variances<br>£'000 | Service                             | Description   | Mitigation Strategy |
|---------------------------|-------------------------------------|---|---------------------|
|                           | Managed<br>Budgets                  | in respect of historic debts (£0.267m), over-provision<br>for the council's obligation for trust funds (£0.112m),<br>historic balance from Revenue Support Grant<br>(£0.048m) and out of date cheques that have not<br>been cashed (£0.100m). These are partially offset by<br>£0.011m debt written off due to unsuccessful external<br>collection. |                     |
| (17)                      | Former<br>Employee<br>Pension Costs | Spend on former employee pension costs is lower than anticipated by £0.016m.  |                     |

## Explanation of Other Key Variances

| Key<br>Variances<br>£'000 | Service                            | Description  | Mitigation Strategy   |
|---------------------------|------------------------------------|--|---|
| Housing Re                | evenue Account                     |  |   |
| 995                       | Capital<br>Financing               | The forecast reprofiling/slippage for the HRA Capital Programme will reduce the amount of borrowing required in 2015/16 to fund the overall programme, which will therefore result in lower interest charges of £0.105m than originally budgeted for. A review of the funding of the capital programme, in light of the overall revenue forecast underspend, has resulted in an increased contribution of £1.100m from the revenue account to fund the capital programme rather than undertaking borrowing.      | The forecast overspend is funded from<br>overachievement of income relating to<br>Leaseholder Service Charges and the<br>forecast underspend on Interest payable. |
| (59)                      | Head of<br>Regeneration            | The estimated level of capitalisation of salaries is higher than originally budgeted.  |   |
| 62                        | Housing<br>Strategy                | A review of the work carried out by the Housing Allocations team<br>has meant that the amount of staff time charged to the HRA has<br>increased to a charge of 80% of staff time compared to a<br>budgeted split of 50/50.   | The overspend in this service is being covered by underspends elsewhere within the HRA  |
| (903)                     | Income<br>Inclusion<br>Improvement | Leaseholder Services and Major Works are forecast to<br>overachieve income by £0.661m mainly due to the timing of<br>capital works meaning more was rechargeable in 2015/16 than<br>was estimated; Rents are forecast to overacheive income by<br>£0.072m and vacancy management is forecast to underspend<br>by £0.350m. These underspends are partly offset by a forecast<br>overspend on accommodation management fees of £0.147m<br>and a forecast Discretionary Housing Payment contribution of<br>£0.070m. |   |
| (226)                     | Property &<br>Investment           | The spend on routine repairs has reduced by £0.290m due to a reduction in the number of council dwellings and also the increased levels of capital investment over the past few years. This underspend is partly offset by a forecast overspend on empty property works.   |   |
| (355)                     | Tenancy<br>Services                | Underspends include: £0.173m on staff costs in the estates services and tenancy management areas; £0.075m on gas &   |   |

| Key<br>Variances<br>£'000 | Description  | Mitigation Strategy |
|---------------------------|--|---------------------|
|                           | electricity charges; £0.065m on supplies and services and £0.040m relating to the Community Payback Scheme where the budget is no longer required. This is offset by an overspend of £0.025m on rubbish clearance due to additional tipping charges. |                     |
