

Although a formal committee of the city council, the Health & Wellbeing Board has a remit which includes matters relating to the Clinical Commissioning Group (CCG), the Local Safeguarding Board for Children and Adults as well as Healthwatch. Papers come from a variety of sources. The format for Health & Wellbeing Board papers is consequently different from papers submitted to the city council for exclusive city council business.

2. Summary

The purpose of this report is to present the draft Children and Young People's Mental Health Local Transformation Plan – annual refresh, for the Health and Wellbeing Board to approve.

3. Decisions, recommendations and any options

The Board is asked to approve the draft Children and Young People's Mental Health Local Transformation Plan – annual refresh.

4. Relevant information

4.1 Nationally, there is a great deal of focus on children's mental health services, recognising this is an area where improvements need to be made. The Mental Health taskforce of experts on Children's Mental Health services (2015), called for a whole child and family approach, improving interventions and recovery, working with the voluntary sector and digital systems to break down barriers to develop a whole system service. The recommendations in *Future in Mind: promoting, protecting and improving our children and young people's mental health and wellbeing*¹, the outcome from the Taskforce, also asks CCGs to:

- a) Develop an annual local Transformational Plan that will be closely monitored and assured by NHS England. This was completed in November 2015 and again in November 2016;
- b) Develop a Joint Strategic Needs Assessment. This was published in February 2016, *Appendix C*; and
- c) Produce an annual 'local offer' outlining what the needs of the population are and what the CCG and BHCC are commissioning to address those needs.

4.2 The Health and Wellbeing Board approved the Brighton and Hove (LTP) in November 2015. The final Plan (from November 2015) can be found here: <http://www.brightonandhoveccg.nhs.uk/plans>

4.3 Each CCG is asked to refresh and republish their LTP by 31st October 2016. The draft refreshed LTP has been approved by the Clinical Strategy Group and the Performance and Governance Committee in the CCG and also by the CCG Governing Body on 27th September. Please find attached, in *Appendix 1*, the draft refreshed Local Transformation Plan for Brighton and Hove.

5. Important considerations and implications

5.1 Legal:

Commissioning high quality, effective children's mental health and emotional wellbeing services is a safeguard for children and families, and will assist agencies to meet their statutory duties. The legal context in which the plan is required is described in the body of the report. The Local Transformation Plan sets out the overarching framework for local transformational change in line with the Government's 'Future in Mind' policy document published in March 2015.

Finance:

- 5.2 There are no financial implications as a result of the recommendations of this report.

Finance Officer consulted: David Ellis; Date: 03.11.16

Equalities:

- 5.1 Making appropriate provision for children and young people with mental health and emotional wellbeing needs is essential to improving health outcomes across the whole City.

Sustainability:

- 5.2 Improving mental health services across the whole system will help build more sustainable communities and will boost health and wellbeing amongst children and young people and their families. Children, young people and parent/carers can play a role in the development and continuing improvement of mental health provision to ensure that services provided are effective, offer value for money and are sustainable into the future.
